

President's Message

Dear Fellow Chiefs and Fire Officers:

On behalf of the GAFC Executive Board, I would like to cordially invite you to the annual Spring Executive Development Session. The theme for this year's session is "Managing your Disaster".

The speakers and presenters have been selected with one objective: to bring awareness and education on managing the disasters that we respond to.

Please don't delay !!! Call the Marriott to make your reservation and get your registration in process.

Don't miss this opportunity to enhance your fire service leadership skills and work with leaders of the Fire Service in Georgia.

We look forward to seeing you at this important meeting.

Most sincerely,

David Kimbrell, President

"Managing your Disaster".

Join us in training to prevent the events shown above. Don't let a natural disaster become your departmental disaster....a life changing conference and learn how your department can become a leader in firefighter safety.
